

Pure Baseball

Florida Collegiate Summer League

## Team Broadcast Internship

This Internship program is for mature college undergraduates. Preference is given to students majoring in Broadcasting, Journalism, Public Relations, Sport Management, Media, Communications, or related field and to students using the internship for college credit. Knowledge of and love for the game of baseball is essential. Ideal candidates are those who wish to gain an invaluable experience working for a sports team or organization.

### Essential Duties

- Serve as the play by play broadcaster for your assigned team for 23 home games. Serve as the color commentator for select away games.

### Responsibilities

- Broadcast home games as play by play broadcaster using Meridix software to live online feed.
- Option to travel and serve as color commentator for away games.
- Research and create team notebook, with stats and information for each of your team's players and coaches before the season begins.
- Produce pregame show to be broadcasted live (video) over team social media pages before each home game
- Assist with League television broadcasts when needed
- Work with journalism intern to produce feature stories posted to team and league website
- Assist GM and team ops interns on gameday preparations
- Grow and utilize team social media pages, including Facebook, Twitter, and Instagram, creating quality posts that engage and interest followers.
